<b>TOTAL</b>		<b>10.311.896</b>	<b>36.962.161</b>	

As you can see, the destinations market are showing some change trend compared with last year. Russia remains as the main market, but others like China are being historically lower with only 129mt during January. Meanwhile, other markets like Phillipines are turning more interesting. It is expected that Russia be more aggressive in purchases because this week, Russian authority unlocked other Chilean plant which is now ready to export there.
